

Fill/drain system: Product technical data sheet

Fill/drain system code: rtc atm1/2-3/4

Performances

Fluids accepted: Water, Glycol solution

% glycol max: 50%

Pressure max: 10 bar

Temperature max: 90 °C

Working temperature: 50 °C

Max torque to apply to lock the system to the manifold: 10 kg•cm

Condition of life test: Acqua a 4 bar e 80 °C per 3.000 ore

Plastic raw material: Nylon 66 Fv 30%

O'ring raw material: EPDM PEROSSIDICO 70 shore

Spring raw material: AISI 302
